## PIERCE TRANSIT BOARD OF COMMISSIONERS SPECIAL STUDY SESSION MINUTES

#### **January 13, 2020**

#### **CALL TO ORDER**

Chair Woodards called the special Board meeting to order at 3:12 p.m.

#### **ROLL CALL**

#### Commissioners present:

Victoria Woodards, Chair of the Board, Mayor of the City of Tacoma

Marty Campbell, Vice Chair of the Board, Pierce County Councilmember (arrived at 3:37 p.m.)

Nancy Henderson, Town of Steilacoom Councilmember

(representing Auburn/Gig Harbor/Fircrest/Pacific/Ruston/Steilacoom)

Daryl Eidinger, City of Edgewood Mayor (representing Fife/Milton//Edgewood)

Bruce Dammeier, Pierce County Executive

Don Anderson, City of Lakewood Mayor

Robin Farris, Puyallup City Councilmember (arrived at 3:18 p.m.)

#### Commissioners excused:

(vacant), City of Tacoma Councilmember Kent Keel, City of University Place Mayor

#### Staff present:

Sue Dreier, Chief Executive Officer Deanne Jacobson, Clerk of the Board

#### **PRESENTATION(S)**

#### 1. Recap on Limited Access Connection Projects

Business Partnership Administrator Penny Grellier presented on the item. She reviewed the data outcomes of the project such as the number of trips provided, ridership by zones of the service area served during the pilot program, average trip duration, and trip distance. The ridership data reflected an increase in ridership each month, with a slight dip during (*Commissioner Farris arrived at 3:18 p.m.*) summer months.

Ms. Grellier stated that staff recommends continuing the service in Spanaway, Parkland and Midland, contingent upon obtaining a second carrier to provide the service, which is required by the Federal Transportation Administration. The estimated costs are expected to be approximately \$25,000/year.

She reviewed the social media outreach strategies and tools utilized to educate the public about the service and responded to questions about the project and overall results of the data. (*Commissioner Campbell arrived at 3:37 p.m.*)

She reported that Pierce Transit will be surveying the riders and reviewing the data from the routes taken during the project to determine if any of this data supports new routes in the area.

Commissioner Farris requested a cost breakdown for what it would cost to provide service to the Puyallup Sounder Station/Puyallup area.

CEO Dreier noted that there are alternate services such as vanpool for customers to use in the Puyallup area.

#### **DISCUSSION**

### 1. Long Range Plan (Destination 2040) Review and Update, Including Input from Board Members

Executive Director of Planning and Community Development Ryan Wheaton briefly talked about the public outreach process for the Agency's Long-Range Plan. He informed the Board about the Agency's website that allows citizens to provide feedback about the Plan and that staff will be meeting with member cities and county staff members in the upcoming weeks to obtain feedback about the Plan.

Principal Planner Darin Stavish reviewed the data received from citizens using the Social Pinpoint tool, which is an interactive map that allows citizens to provide suggestions for improving service. It was noted that the draft Long Range Plan will be ready next Tuesday, January 21, 2020, and will be included in the public outreach process.

Commissioner Farris noted that the Puyallup area doesn't typically have a transit culture.

Mr. Stavish noted that the proposed Plan would increase frequency in the Puyallup area.

Commissioner Farris requested that bus times be added to bus signs in the Puyallup service area so citizens know when the bus should be arriving.

Commissioner Anderson commented that he is disappointed that Sound Transit abandoned its plan to create a spine. Pierce Transit could create a spine by creating a second BRT line in Lakewood/Springbrook/Joint Base Lewis McChord (JBLM)/Tillicum areas. All three of these areas have low economics and need lifeline services, and JBLM serves as a major employer in the area. He also noted that the State is looking at integrating Amtrak in the Lakewood area to connect this area.

#### **ADJOURN**

Commissioners Farris and Eidinger moved and	d seconded to adjourn the meeting at 3:59 p.m.
Motion <u>carried</u> , 7-0.	
Decree Jesshan	Winter Windows Chair
Deanne Jacobson	Victoria Woodards, Chair
Clerk of the Board	Board of Commissioners

## PIERCE TRANSIT BOARD OF COMMISSIONERS REGULAR BOARD MEETING MINUTES

#### **January 13, 2020**

#### **CALL TO ORDER**

Chair Woodards called the Board meeting to order at 4:03 p.m.

#### **PLEDGE OF ALLEGIANCE**

For those attendees who chose to participate, Chair Woodards led attendees in the pledge of allegiance.

#### **ROLL CALL**

#### Commissioners present:

Victoria Woodards, Chair of the Board, Mayor of the City of Tacoma
Marty Campbell, Vice Chair of the Board, Pierce County Councilmember
Nancy Henderson, Town of Steilacoom Councilmember
(representing Auburn/Gig Harbor/Fircrest/Pacific/Ruston/Steilacoom)
Daryl Eidinger, City of Edgewood Mayor (representing Fife/Milton//Edgewood)
Robin Farris, Puyallup City Councilmember
Don Anderson, City of Lakewood Mayor
Bruce Dammeier, Pierce County Executive

#### Commissioners excused:

City of Tacoma Councilmember (vacant) Kent Keel, City of University Place Mayor

#### Staff present:

Sue Dreier, Chief Executive Officer Deanne Jacobson, Clerk of the Board Aaron Millstein, General Counsel from K&L Gates Tom Wolfendale, General Counsel from K&L Gates

#### Introduction

CEO Sue Dreier introduced Tom Wolfendale and Aaron Millstein, attorneys for K&L Gates, who will be serving as the Agency's general counsel.

#### **PRESENTATIONS**

#### 1. December 2019 Operator of the Month ~ Steve Hettinger

Transit Operator Assistant Manager Scott Gaines honored Operator Steve Hettinger for being selected Operator of the Month for December 2019. He detailed his

accomplishments and service to the community, stating that Mr. Hettinger always demonstrates a positive attitude and steps up to provide quality service to the community. He also noted that a suggestion provided by Mr. Hettinger to add reflective tape to bus stops has helped to alleviate operators from passing up stops. He reported that Mr. Hettinger will be starting a new job in the Communication Center serving as a Relief Communication Controller.

On behalf of the Board of Commissioners, Chair Woodards thanked Mr. Hettinger for his service to the community.

#### **SPECIAL BUSINESS**

1. FS 2020-001, Election to Puget Sound Regional Council Transportation (PSRC) Policy Board for Calendar Year 2020

Chair Woodards opened the floor to receive nominations for the primary representative on the PSRC Transportation Policy Board.

Commissioner Eidinger nominated Commissioner Anderson. No other nominations were provided.

Commissioners Eidinger and Henderson **moved** and seconded to close nominations.

Motion <u>carried</u>, 7-0.

Chair Woodards declared Commissioner Anderson the primary representative on the PSRC Transportation Policy Board.

Chair Woodards opened the floor to receive nominations for the alternate representative for the PSRC Transportation Policy Board.

Commissioner Henderson nominated Commissioner Eidinger to serve as the alternate representative on the PSRC Transportation Policy Board.

Commissioners Campbell and Dammeier <u>moved</u> and seconded to close nominations for the alternate representative on the PSRC Transportation Policy Board.

Motion **carried**, 7-0.

Chair Woodards declared Commissioner Eidinger the alternate representative for the PSRC Transportation Policy Board.

#### **PUBLIC COMMENT**

Chair Woodards provided directions for participating in public comment and the following individuals spoke:

• Jeanette Martin, Parkland, commented that people who live in the eastern corridor of Pierce County and in the Joint Base Lewis-McChord (JBLM) area have no

service. She hopes that transportation will be extended to areas such as Spring Brook and out towards JBLM. She noted that she is happy to see that the Agency is trying to provide ways to serve areas that are currently underserved. She encouraged the Agency to continue to make decisions that will improve connections to areas that have very little service or no service.

• Jay Harring, Tacoma, commented that public transit should be treated as a public utility. He reported that he tried to provide comments on the Long Range Plan (Destination 2040) through the Agency's website, but experienced issues with the system, and staff was unable to provide him with help because they were not aware of the website. He noted that he lives on the east side of the county and that he tries to use transit and it doesn't work well in Pierce County, particularly in Tacoma. He stated if people don't want service in the outlying areas, then service should be cut in those areas and then put more service in Tacoma. He stated a lot of people have been fired because there is not a lot of reliable transportation to and from work after 6:00 p.m. and on weekends.

He inquired about how many commissioners ride the bus after 6:00 p.m. and he encouraged commissioners to ride the bus in the evening. He noted that he would like to see an increase in weekend and late-night service.

Mr. Harring noted that surveys need to be done at transit centers on the weekends and after 6:00 p.m. He reported that most times it takes longer to get from 38<sup>th</sup>/Portland to Tacoma Dome Station than it takes to get from Tacoma Dome Station to Seattle and that just isn't right. He advocated for a simpler service/scheduling app.

• Julian Wheeler, Lakewood resident and Chair of the Pierce County Accessible Communities Advisory Committee, invited members to attend their next meeting on Tuesday, January 14, 2020. He encouraged Pierce Transit to submit transit-related projects to this committee for assistance with funding.

Public comment was closed.

#### **CONSENT AGENDA**

(Items listed below were distributed to Commissioners in advance for reading and study and are enacted with one motion. Item(s) may be moved to the Action Agenda at the request of a Commissioner.)

Commissioners Campbell and Anderson **moved** and seconded to approve the consent agenda as presented.

#### Motion carried, 7-0.

Approval of Vouchers, December 1, 2019 to December 31, 2019
 Operating Fund #10
 Self-Insurance Fund #40
 Capital Fund #90

Payment Nos. 372314 through 372604 Wire Nos. 2977 through 3190 Advance Travel Nos. 1435 through 1437 Total \$5,748,013.43

- 2. Minutes: December 9, 2019 Regular Board Meeting.
- 3. FS 2020-002, Authorized Pierce Transit staff to combine the Facilities Workorder Management System and Maintenance Management Systems into one project EAM Replacement Project.
- 4. FS 2020-003, Approved Resolution No. 2020-002, amending the 2020 Capital Budget to include \$200,000 for miscellaneous capital equipment.
- 5. FS 2020-004, Approved Resolution No. 2020-003, authorizing the Chief Executive Officer to enter into and execute Amendment No. 5 to the Transit Service Direct Financial Partnership Agreement between King County, the City of Auburn, and Pierce Transit for Lakeland Hills-Auburn Sounder Station Service.
- 6. FS 2020-005, Approved Resolution No. 2020-004 amending the 2020 Budget to convert two (2) Limited Term Employee positions to two (2) Full Time Equivalent positions in Support of the refreshed Maintenance Apprentice Program as presented.

#### **ACTION AGENDA**

1. FS 2020-006, Authorization to Execute a Reimbursable Agreement with WSDOT for Project Review of the Bus Rapid Transit Pacific Avenue/State Route 7 Corridor Project

Senior Construction Project Manager Sean Robertson presented on the item, reviewing the scope of the project and discussing the services WSDOT will review for this project. (*The presentation was provided after the vote.*)

Commissioners Campbell and Dammeier <u>moved</u> and seconded to approve Resolution No. 2020-005 authorizing the Chief Executive Officer to execute a reimbursable agreement with an authorized total amount not to exceed \$70,000, and to further authorize the CEO to execute any amendments to this agreement up to the not to exceed amount of \$200,000.

Motion **carried**, 7-0.

2. FS 2020-007, Authorization to Execute Contract No. PT-68-19 with Granite Construction for General Contractor/Construction Manager (GC/CM) Pre-Construction Services for the Bus Rapid Transit Pacific Avenue State Route 7 Corridor Project

Senior Construction Project Manager Sean Robertson noted that staff from Granite is available today for questions if need be. He reviewed preliminary design concepts. He reported that the preliminary design considers potential roundabouts; that each intersection

must be reviewed for potential roundabouts and there is a potential for 7 to 8 roundabouts for the project.

He reviewed the criteria for utilizing the GC/CM contracting method and described the elements of work that Granite Construction will be assisting with the project. He noted Granite Construction has BRT project experience.

A discussion ensued between staff and various members of the Board about attracting local workers and Disadvantaged Businesses from the Pierce County area to work on this project.

A discussion also ensued about the Agency's policy for Disadvantaged Businesses. Commissioner Woodards noted that she would like to see the Agency's Disadvantaged Business Enterprise (DBE) program/policy come before the Board for consideration.

A representative from Granite Construction reported that his company is already working with local companies on this project He noted that he believes that there will be opportunities for local companies to participate in this project.

Commissioner Farris and Henderson <u>moved</u> and seconded to authorize the Chief Executive Officer to enter into and execute Contract No. PT-68-19 with Granite Construction for the Bus Rapid Transit Pacific Avenue/State Route 7 Corridor Project Pre-Construction Services, with an authorized total amount/not to exceed amount of \$1,150,603.

Motion **carried**, 7-0.

## 3. FS 2020-008, Authorizing the Chief Executive Officer to Execute a Contract with Medstar to Provide Microtransit Pilot Services to Ruston Way for One Year

Business Partnership Administrator Penny Grellier presented on the item. She reviewed the proposed service area zone for the Ruston Way Microtransit service. She noted that this pilot program will be app based and will be an on-demand service with alternatives for citizens who do not have technology to access apps. The service would be available 7 days a week from 7:00 a.m. to 10:00 p.m., ADA services available, and a call center for those without cell phones.

Discussion ensued about the service area route, with some commissioners questioning why the route includes the east side near the Foss area in Tacoma and questioning if the service route could be expanded to include J Street and the Museum of Glass.

Ms. Grellier noted that the program does allow for modifications and indicated that the Foss area is being included to test whether service should be expanded to the Port of Tacoma.

Other details about the pilot project include the following:

- Wait times should be no more than 15 minutes;
- Vehicle capacity will be comparable to a Dodge Caravan;
- Vehicles that support mobility devices will be utilized when needed;
- Dynamic routing will allow for other riders to join in along the route; and

• The service is intended to be feeder service and not overlap with fixed route.

Commissioner Campbell and Anderson <u>moved</u> and seconded to authorize the Chief Executive Officer to enter into and execute a contract with Medstar in the amount of \$313,000 to provide Microtransit pilot service for one year to Ruston Way.

Motion **carried**, 7-0.

#### STAFF UPDATES/DISCUSSION

**CEO's Report -** CEO Dreier reported on the following:

- An appropriations bill that includes the 2020 Transportation and Housing and Urban Development spending bill was passed out of both houses in December. Division Q of the bill retroactively amends and extends the alternative fuel tax credit through December 31, 2020 and is retroactive for 2019. This is great news for Pierce Transit since 80 percent of its fleet runs on alternative fuels. Pierce Transit should receive the alternative fuel tax credit for 2019 and 2020.
- 2020 marks Pierce Transit's 40<sup>th</sup> anniversary. Prior to the Public Transportation Benefit Area (PTBA) language approved by the legislature in 1979, public transportation was provided by Tacoma Transit from 1941 to 1961, followed by Tacoma Transit System from 1961 to 1980. Then with the passage of the PTBA language and subsequent taxing authority votes Pierce Transit was born to all of Pierce County. Pierce Transit will be kicking off the celebration by thanking customers at transit centers, kicking off a big social media campaign, inviting community leaders including former and current Board members to celebration events. [40<sup>th</sup> anniversary pins were distributed to the Board Members.]
- Staff recently completed a project by updating approximately 2200 bus stop signs with white reflective signs showcasing bigger numbering and the new logo. Stops that signify a timepoint were marked with a blue reflector, an idea introduced by a transit operator.

Chair Woodards extended thanks and gratitude to staff for completing the project.

#### **INFORMATIONAL BOARD ITEMS**

**Chair Report - Chair** Woodards announced that the January 16, 2020, Executive Finance Committee meeting is being cancelled. The Board retreat meeting date has been set for March 5, 2020, from 1:00 p.m. to 5:00 p.m. in the Rainier Room.

**Sound Transit Update** — Commissioner Dammeier announced that Commissioner Keel was elected to Chair of the Sound Transit Board. He also reported that Connect 2020 is underway, which could impact commuters traveling to and from Seattle. He encouraged regular commuters to Seattle allow for extra time and check the Sound Transit website for updates.

#### **PSRC Transportation Policy Board Update**

Commissioner Anderson reported there was a meeting January 9, 2020, and the Transit caucus and PSRC Transportation Policy Board recommended for adoption the 2020 policy framework for distribution of PSRC federal funds for Fiscal Years 2023 and 2024 which amounts to about \$270 million in PSRC funding. The Executive Board will vote on it January 23.

#### **Commissioners' Comments**

**EXECUTIVE SESSION** 

Clerk of the Board

Commissioner Anderson reported on a meeting he had with Senator Cantwell, who indicated that there would most likely be a replacement for the current transportation bill that is due to expire this year. There was uncertainty about what is in the bill and of how the funds would be distributed.

Commissioner Dammeier inquired if the Agency's three electric buses could be prioritized so that they operate in areas that have been underserved.

None.	
<u>ADJOURN</u>	
Commissioners Campbell and Farris moved and sec	onded to adjourn the meeting at 5:14 p.m.
Motion <u>carried</u> , 7 -0.	
Deanne Jacobson	Victoria Woodards, Chair

**Sole Source:** A circumstance when the vendor is the sole provider of licensed or patented goods or services, or has specialized knowledge or skill needed for a project when there is limited time and vendors with the expertise.

**Amendments**: Master agreements sometimes have amendments. This could be due to time extensions to a contract, or a situation where changing a contractor before the work is complete could cause delays, hardships and/or added costs.

**Board of Commissioners** Fact Sheet No.: 2020-009

Date: February 10, 2020

TITLE: A Resolution Amending Chapter 3.13.120 of the

Pierce Transit Code Adding a New Section H –

Miscellaneous Provisions, Delegating Authority to the Chief

Executive Officer to Combine Capital Projects Similar in

Nature

**DIVISION: Finance** 

Brett Freshwaters, Executive Director SUBMITTED BY:

Finance

RELATED ACTION: N/A

ATTACHMENTS: **Proposed Resolution** 

Exhibit A, Proposed Code Changes

RELATION TO STRATEGIC PLAN: Internal

**BUDGET INFORMATION: N/A** 

#### BACKGROUND:

On several occasions, staff has asked for Board approval to combine capital project budgets for the purpose of efficiency and effectiveness in project delivery. For example, several Building 1 refurbishment projects were combined with the Base Master Plan project to improve the coordination and ensure correct timing of project implementation. In January, two software implementation projects for the Fleet and Maintenance Departments were combined when it was determined that existing software could be upgraded to meet the needs of both departments. None of these "project mergers" required adding budget or changing the overall scope. These are primarily administrative issues to improve project delivery.

Since the Board approves each capital project as part of the budget process, the Board must approve any changes to the individual project budgets, absent any delegated staff authority. The Board has previously delegated authority to the CEO to increase capital project budgets up to \$50,000 by transferring budget from another project or fund. This code revision would not change that authority. Rather, it would supplement that authority by allowing the CEO to combine capital projects without changing the combined project budgets.

#### STAFF RECOMMENDATION:

Approve the resolution to delegate authority to the Chief Executive Officer to Combine Capital Projects.

#### **ALTERNATIVES:**

Do not approve the resolution. This is not recommended since staff would continue to be required to seek Board approval to combine capital projects, which are essentially internal administrative changes.

#### PROPOSED MOTION:

Move to: Approve Resolution 2020-006, amending Chapter 3.13 of the Pierce Transit Code adding a new Paragraph H to Section 3.13.120 – Miscellaneous provisions, as presented in Exhibit A, delegating authority to the Chief Executive Officer to combine capital projects for projects similar in nature.

**RESOLUTION NO. 2020-006** 

#### **EXHIBIT A**

#### Add new paragraph H. to Section 3.13.120 – Miscellaneous provisions

H. The chief executive officer is authorized to combine capital projects of a similar nature for the purpose of efficiency and effectiveness of delivering the finished project.

# **Action Agenda**

**Board of Commissioners** Fact Sheet No.: 2020-010 Date: February 10, 2020

TITLE: Authority to Implement a Permit Parking Program at **DIVISION: Planning & Community Development** Pierce Transit Owned Transit Facilities That Meet Capacity Parameters of the Program Guidelines; Adding a New SUBMITTED BY: Sandy Johnson, Sr. Planner

Section I to Pierce Transit Code Section 3.13.120 -Miscellaneous Provisions, Delegating Authority to the CEO to Manage the Parking Permit Program with Certain

**Parameters** 

RELATED ACTION: Resolution No. 2019-007, Authorizing the Implementation of an Optional Permit (Pilot) Program at Tacoma Dome Station.

ATTACHMENTS: RELATION TO STRATEGIC PLAN: Customer

Proposed Resolution

Exhibit A, Permit Parking Program Guidelines

Exhibit B, Proposed Code Language

**BUDGET INFORMATION: N/A** 

#### **BACKGROUND:**

Tacoma Dome Station is the largest multi-modal transit garage in the region. The facility often reaches capacity in the early morning on weekdays. Customers often arrive earlier than necessary to ensure securing a parking space which can lead to over-crowded buses and trains.

Pierce Transit completed a survey of users of the Park and Ride facility in October 2018. 635 users responded to the survey. Respondents indicated the top three goals Pierce Transit and Sound Transit should prioritize when designing a parking management program should be to: (1) Ensure open parking space by managing demand; (2) Encourage riders to bike, walk, or carpool to transit; and (3) Recover the cost of managing and enforcing the program.

Staff presented a preliminary proposal for a Permit Parking Program at Tacoma Dome Station (the Program") at a public hearing at the March 11, 2019 Board of Commissioners meeting. During this time, a Title VI Equity Analysis was performed and determined that the Program will not cause a disparate impact on the minority population nor a disproportionate burden on low-income households. Subsequently, on April 8, 2019, the Board of Commissioners approved Resolution No. 2019-007, authorizing implementation of the pilot program at Tacoma Dome Station and directed staff to return to the Board with a report on the program.

Details for the Permit Parking Program Guidelines ("Guidelines") are attached as Exhibit A. The proposed Program and its Guidelines were motivated and shaped by input from transit riders, Tacoma Dome Station users, and regional transit partner agencies. The purpose and intent of the Program is to improve parking availability and the reliability of customer access to the transit system. As proposed, the Guidelines provide a framework for the Agency's support and management of Program infrastructure and facilities, with goals to increase ridership and to encourage convenient and safe connections to local and regional services through all access modes, including vehicles requiring parking. Key elements of the program include:

- Permits are required to park in designated spaces, only during defined periods;
- No more than 50% of facility spaces shall be allocated to permit parking;
- Permits for HOV are prioritized over SOV and incentivized, accordingly;
- Prices shall be set to recover costs of program and/or reflect market rates for SOV;
- The discount for SOV permits for ORCA LIFT customers will be no less than 33% of the full SOV permit price for the same facility;
- Pierce County residents will be given priority over non-residents for SOV permits;
- The number of customers on wait lists for HOV and SOV permits should not exceed 15% of the total quantity of such parking permits issued; and
- Verifiable transit usage to/from facility for which permit is issued is required by each permit participant, in order to maintain permit eligibility.

Sound Transit and King County Metro have already implemented a combination of High Occupancy Vehicle (HOV) and Single Occupancy Vehicle (SOV) permit programs at 27 facilities including Tukwila, Kent, Auburn, Federal Way, Sumner (HOV only), Puyallup and Lakewood.

During the pilot Program, Pierce Transit staff coordinated with the Agency's current parking management services vendor to, perform permit sales and issuance; transit trip validation; permit usage monitoring and enforcement; and measurement of program performance goals. The cost of parking management services to administer and enforce an initial rollout of 56 parking spaces averaged a blended rate of \$20.72 per permit. At the charged market rate price of \$80 per SOV permit, program costs were fully recovered. If the program is expanded to the maximum of 50% of the facility (approximately 1,200 stalls), administration and enforcement costs would rise, but program costs are expected to be recovered. Net revenues generated from permit parking sales at Tacoma Dome Station will be allocated to offset overall professional services for Tacoma Dome Station Parking Management, with balance allocated to the general fund. In accordance with current Operations and Maintenance Agreements, at which time that permit sales reach a quantity of 460, Sound Transit will pay a proportionate share of parking management costs and will receive a proportionate share of parking revenues at Tacoma Dome Station, with ratios based on annual surveys of garage users.

Based on feedback from customers and analysis of transit usage during launch of the pilot, a change was made to the Program Guidelines, extending Permit Parking hours to end at 9:00 a.m. instead of 8:00 a.m. allowing more customers to participate in the Program.

Based on experience and data from the pilot Program, input from users of the Tacoma Dome Station, and seeking to implement a program similar in nature to the regional permit parking programs at Sound Transit and King County Metro facilities, Pierce Transit staff recommends implementing a Permit Parking Program at Tacoma Dome Station and other transit facilities that meet capacity parameters of Program Guidelines.

#### STAFF RECOMMENDATION:

Staff recommends that the Board of Commissioners to 1) adopt the Permit Parking Program for Tacoma Dome Station and other transit facilities that meet capacity parameters of Program Guidelines; 2) authorize the Chief Executive Officer to modify the Program within certain parameters, and 3) to set initial permit pricing for Tacoma Dome Station parking

for SOV permits at \$80, ORCA LIFT qualifying customers at \$27, and no charge for HOV permits. adopting initial permit pricing for Tacoma Dome Station.

#### **ALTERNATIVES:**

- 1. Modify the Permit Parking Program, such as limiting the Program to High Occupancy Vehicles (HOV) users and/or adjusting the initial price of Single Occupancy Vehicles (SOV)permits.
- 2. Do not implement the proposed Optional Permit Parking Program at Tacoma Dome Station and continue to operate Tacoma Dome Station with no permit program.

#### PROPOSED MOTION:

Move to: Approve Resolution No. 2020-007, 1) Authorizing the implementation of a Permit Parking Program at Pierce Transit Owned Transit facilities that meet facility capacity parameters, pursuant to the Program Guidelines presented in Exhibit A; 2) Setting the initial Permit Parking fee at Tacoma Dome Station at \$\_\_\_\_\_ for Single Occupancy Vehicles and \$\_\_\_\_\_ for ORCA LIFT qualifying customers; and no charge for High Occupancy Vehicles, and 3) Adding a new Section I to Pierce Transit Code Section 3.13.120 - Miscellaneous provisions, delegating authority to the Pierce Transit CEO to manage the Permit Parking Program pursuant to the parameters set forth in Exhibit A, attached hereto.

### 

#### **RESOLUTION NO. 2020-007**

A RESOLUTION of the Board of Commissioners of Pierce Transit Authorizing the Implementation of a Permit Parking Program at Pierce Transit Owned Transit Facilities that Meet Capacity Parameters of the Program; Setting the Initial Permit Parking Fees at Tacoma Dome Station; Adding a New Section I to Pierce Transit Code Section 3.13.120 – Miscellaneous Provisions, Delegating Authority to the CEO to Manage the Parking Permit Program with Certain Parameters

WHEREAS, accommodating safe and convenient customer access to the regional transit system is integral to Pierce Transit's mission to improve people's quality of life by providing safe, reliable, and useful transportation services that are locally based and regionally connected; and

WHEREAS, customers often arrive at Tacoma Dome Station (TDS) and other transit parking facilities earlier than necessary to ensure securing a parking space which can lead to over-crowded buses and trains; and

WHEREAS, in a September 2018 TDS survey, respondents' top priorities for Program design were: (1) ensure open parking space by managing demand; (2) encourage riders to bike, walk, or carpool to transit; and (3) recover the cost of managing and enforcing the Program; and

WHEREAS, staff presented a preliminary proposal for a Permit Parking (Pilot) Program at Tacoma Dome Station at a public hearing at the March 11, 2019, Board of Commissioners meeting; and

WHEREAS, a Title VI Analysis was performed and determined that the Program will not cause disparate impact on the minority population nor a disproportionate burden to low-income households; and

WHEREAS, the Board of Commissioners approved Resolution No. 2019-007 on April 8, 2019, authorizing implementation of the pilot program at Tacoma Dome Station and directed staff to return to the Board with a report on the program; and

WHEREAS, the purpose and intent of the Permit Parking Program ("Program") is to improve parking availability at TDS and other Pierce Transit parking facilities, and improve the reliability of customer access to the regional transit system; and

WHEREAS, Program goals are directly related to addressing common concerns received by Pierce Transit and transit agency partners about the difficulty of finding space at TDS; and

WHEREAS, Program Guidelines have been established to provide a framework for the Agency's support and management of Program infrastructure and facilities; and

1	WHEREAS, the Program offers permits for reserved parking spaces during times of peak facility demand,		
2	permits for single-occupancy vehicles (SOVs) at prices adequate to cover permit Program costs and consistent with		
3	local market rates for monthly parking, and reduced rates for ORCA LIFT qualified SOV customers and high-occupancy		
4	vehicles (HOVs with two or more transit riders per vehicle); and		
5	WHEREAS, permit issuance requires that participants use transit service, meeting an established threshold of		
6	utilization and proof of fare payment; and		
7	WHEREAS, permits are optional and transit customers without permits will continue to have access to a		
8	portion of the facility at no charge; and		
9	WHEREAS, Pierce Transit has performed a six-month Pilot at TDS and determined that the Program is		
10	meeting goals and objectives outlined in Program Guidelines; and		
11	NOW THEREFORE, BE IT RESOLVED by the Board of Commissioners of Pierce Transit as follows:		
12	Section 1. The Board of Commissioners authorizes implementation of a Permit Parking Program at Pierce		
13	Transit owned facilities that meet facility capacity parameters of the Program pursuant to the Program Guidelines		
14	presented in Exhibit A; and		
15	Section 2. The Board of Commissioners hereby sets the initial Permit Parking fee at Tacoma Dome Station		
16	at \$for Single Occupancy Vehicles and \$for ORCA LIFT qualifying customers and High Occupancy		
17	Vehicle permits will be free of charge; and		
18	Section 3. The Board of Commissioners hereby authorizes amending Section 3.13.120 of the Pierce Transit		
19	Code adding a new Section I — Miscellaneous provisions, delegating authority to the Pierce Transit CEO to manage		
20	the Permit Parking Program at Pierce Transit owned facilities as deemed necessary, pursuant to the parameters set		
21	forth in the Program and attached hereto as Exhibit B.		
22	ADOPTED by the Board of Commissioners of Pierce Transit at their regular meeting thereof held on the		
23	10 <sup>th</sup> day of February 2020.

#### **Pierce Transit Permit Parking Program Guidelines**

#### I. KEY FEATURES SUMMARY

- This document defines program parameters for a parking permit program, with the goals of improving parking availability, increasing transit ridership, and aligning with regional transit parking programs.
- The program offers permits for reserved parking spaces during times
  of peak facility demand, initially defined as the weekday morning
  peak commute hours of 4:00 am 9:00 am. Use of any nonoccupied reserved spots become available to all on a first-come,
  first-served basis after 9:00 am on weekdays and all day on
  weekends (except during special events).
- The program offers permits for single-occupancy vehicles (SOVs) at prices adequate to cover permit program costs and consistent with local market rates for monthly parking. Reduced rates will be offered to ORCA-LIFT qualified customers and high-occupancy vehicles (HOVs with two or more transit riders per vehicle).
- Permit issuance requires that participants use regional transit service, meeting a regionally established threshold of utilization (minimum of 12 transit trips per month). Transit trips are verified using ORCA (regional transit card) usage data or Pierce Transit agency Vanpool records.
- Permits are optional for all participating facilities. Transit customers
  without permits will still have access to a portion of participating lots
  at no charge, as non-permitted spaces will continue to be available
  on a first-come, first-served basis.
- The permit program may be expanded to any and all facilities meeting the regionally established threshold of utilization (90% or greater) for at least three consecutive months and if the facility is eligible for fee-based parking under WSDOT funding rules.
- The Pierce Transit Board of Commissioners establishes initial permit pricing. The Board delegates authority to Pierce Transit's CEO to establish permit fees and adjust the price as well as the quantity of monthly parking permits, permit and permit space use restrictions, and/or the number of permit restricted spaces offered at each station, as necessary to achieve program performance goals.
- Performance measures for management of parking facilities have been established and will be monitored to maintain alignment with program goals.

#### II. BACKGROUND

Accommodating safe and convenient customer access to the regional transit system is integral to Pierce Transit's mission to improve people's quality of life by providing safe, reliable, and useful transportation services that are locally based and regionally connected.

Many of the Pierce Transit Park and Ride facilities are currently operating near or at capacity. These facilities often reach capacity in the early morning on weekdays. Customers often arrive earlier than necessary to ensure securing a parking space

which can lead to over-crowded buses and trains.

These Pierce Transit Permit Parking Program Guidelines provide a framework for the agency's support and management of infrastructure and facilities to provide customer access to transit services, with goals to increase ridership, and to encourage convenient and safe connections to local and regional services through all access modes, including vehicles requiring parking.

To implement a permit parking program, transit agencies must have the authority to apply parking restrictions and make necessary changes to the parking facility (e.g. signage, pavement markings, and equipment installation).

By current state law, fee-based permit implementation must be excluded at state-owned facilities. However, permits may be issued free of charge at state-owned facilities.

Pierce Transit's permit parking program aligns with regional transit partner programs. The Sound Transit Board has approved the creation of a permit program for managing customer parking at Sound Transit facilities with high parking demand. Sound Transit currently operates the permit program at Link light rail stations, or agency-owned facilities with utilization at 90% or higher for the most recent three-month period. At these facilities, up to 50% of the available spaces can be reserved for permit holders only during peak morning commute hours. King County Metro Transit's permit parking programs follow the same quidelines.

#### III. PUBLIC INVOLVEMENT

This program and guidelines were motivated and shaped by input from transit riders, Park and Ride facility users, and regional transit partner agencies. The purpose and intent of the parking permit program is to improve parking availability and the reliability of customer access to the regional transit system, in response to comments by Pierce Transit and Sound Transit riders about the difficulty of finding parking at our Park and Ride facilities.

#### IV. PARKING PERMIT PROGRAM GOALS

The following goals have been established to guide the Pierce Transit Board in the management of parking facilities and the parking permit program:

- Improve parking availability by providing reliable access to parking for transit riders seeking to utilize the transit system throughout the AM peak period.
- Increase transit ridership by maximizing the number of daily transit riders per parking stall across all agency operated facilities.
- Align with regional transit parking programs to offer consistency in managing customer parking at facilities with high parking demand.

Program goals are directly related to addressing common complaints received by Pierce Transit and transit agency partners about the difficulty of finding space at Park and Ride facilities. Tacoma Dome Station survey respondents' top priorities for

program design were: (1) ensure open parking space by managing demand; (2) encourage riders to bike, walk, or carpool to transit; and (3) recover the cost of managing and enforcing the program.

### V. PARKING PERMIT PROGRAM PARAMETERS

The following parameters have been established to guide the Pierce Transit Board regarding administration of the parking permit program:

- a) The CEO may issue parking permits and restrict through enforcement the use of selected parking spaces to permit holders only during defined periods of time such as the AM peak period, at selected Pierce Transit parking facilities.
- b) The CEO may issue parking permits for agency-operated parking facilities where average weekday utilization is 90% or higher for at least three consecutive months.
- c) The CEO may allocate up to 50% of the total number of parking stalls provided for transit rider use at any Pierce Transit facility for exclusive use of HOV and/or SOV parking permit holders during permit enforcement hours.
- d) To increase transit ridership, Pierce Transit will prioritize the marketing and issuance of HOV parking permits over SOV permits at all participating facilities.
- e) SOV parking permits will initially be made exclusively available to residents of the Pierce Transit Benefit Area, but the program may be expanded to allow non-residents to purchase permits at a price established by the CEO should the CEO determine it is in the best interests of Pierce Transit.
- f) The number of customers on the wait list for either SOV, or HOV parking permits at each facility should not exceed 15% of the total quantity of such parking permits issued.

### VI. ESTABLISHING PERMIT PRICES AND AVAILABILITY

The following additional parameters have been established to guide the Pierce Transit Board in establishing initial permit prices and availability for HOV and SOV permits, including initial implementation of permit programs at future parking facilities:

- a) Permit prices are adequate to recover, at a minimum, the administrative and enforcement costs of the permit program at each permitted facility.
- SOV permit prices are established in consideration of market rates for monthly paid parking alternatives otherwise available to customers.
- c) SOV permit prices should remain competitive with market rates for monthly parking available to transit riders.
- d) Reduced-price SOV permits for ORCA-LIFT qualified customers will be no less than 33% and no more than 50% of the full SOV permit price for the same facility.

e) HOV permit prices and availability will be established to incentivize use of HOV over SOV parking.

#### VII. INITIAL PERMIT PRICES

While authorizing the CEO to make administrative decisions regarding permit pricing will allow Pierce Transit to be more efficient and responsive to local market conditions in program administration, the following factors guide the initial rate-setting process consistent with the program goals and parameters established:

- a) An analysis conducted by Pierce Transit of market rates for monthly commuter parking permits at existing public and private parking facilities in the vicinity of Tacoma Dome Station shows an average rate of \$80 per month, varying between \$60 per month to \$100 per month depending on location.
- b) The regional rate for discounted permits issued to ORCA-LIFT qualified customers has been established as \$27 per month and represents a minimum of 33% of the SOV permit price, Title VI equity analysis performed by Pierce Transit staff showed a proportionate financial burden on low-income households in the Pierce County Benefit Area, (and with no disparate impact on the minority population).
- c) Monthly HOV permits will be issued at no charge. Providing permits at no monthly charge is an incentive for use of HOV permits over SOV permits, consistent with the goal of maximizing the number of transit riders per stall. It may also enable the HOV program to be implemented in the future at WSDOT facilities where no-charge permit parking is allowed by state law.

## VIII. TITLE VI COMPLIANCE

Pierce Transit has performed a Title VI equity analysis of the permit parking program and determined that the program will not cause a disparate impact on the minority population nor a disproportionate burden on low-income households.

### IX. PERFORMANCE EVALUATION AND MEASUREMENT

To evaluate the performance of the permit program in relation to system access policy goals and the goals and performance targets established in this guidelines document, and to inform the CEO's adjustment of program factors including permit quantity and price, Pierce Transit shall regularly monitor the utilization of all spaces (permit restricted and unrestricted) in all Pierce Transit owned and operated parking facilities. Pierce Transit will also conduct customer surveys of parking users and customers arriving at the facilities by other modes.

## X. PROGRAM ADMINISTRATION

Pierce Transit will administer the permit-parking program at Pierce Transit-owned facilities. Pierce Transit will have the option of contracting parking administration with a vendor or utilizing the contract of a regional partner agency under that agency's contract for handling administration, including permit sales, customer service, signage management, facility monitoring and enforcement of the permit program.

#### XI. PRICING & ENFORCEMENT GUIDELINES

## **Purpose**

To define and implement provisions regarding:

- establishment of permit parking user fees for Pierce Transit Park and Ride facilities;
- establishment of wait lists,
- enforcement of permit parking restrictions on Pierce Transit property;
- a process to appeal permit parking violations

## **Applicability and Audience**

Pierce Transit staff; Park and Ride lot users; Pierce Transit parking permit holders; contracted Park and Ride lot management firms.

#### **Definitions**

"High Occupancy Vehicle," "HOV" or "carpool" means a vehicle containing two or more individuals arriving together and parking at a Park & Ride where the individuals continue their journey on public transportation (bus transit, rail transit, or vanpool).

"Park & Ride" means locations at which persons park their individual vehicles and transfer to a transit vehicle or carpool /vanpool vehicles.

"Parking Enforcement Staff" means the individuals authorized to enforce Pierce Transit parking rules including but not limited to Pierce Transit employees, employees of contracted parking management companies, or employees of such other firm as Pierce Transit may contract with from time to time to manage certain aspects of its parking facilities and permit parking program.

"Permit group" means all people associated with a HOV permit.

"Permit holder" or "Permittee" means a person holding a physical permit or virtual permit associated with a vehicle license plate number to park in Park & Ride facility stalls reserved for SOVs or HOVs.

"Single Occupancy Vehicle" or "SOV" means a vehicle with a single occupant (the driver) arriving alone and parking at a Park & Ride where the individual continues their journey on public transportation (bus transit, rail transit, or vanpool).

"Vanpool" means a prearranged group of at least five individuals who share their commute in a public agency-sponsored van.

## 1. Setting and Adjusting Permit Fees

a) SOV permit fees will be established on a per lot basis depending on factors including local market prices for paid parking, parking

utilization, location along transit corridor, availability of frequent transit service, and coordination with other public transit service providers that own and operate Park and Rides. Pierce Transit will sell parking permits to ORCA LIFT eligible customers at a reduced rate. HOV parking permits will be provided free of charge

## Pierce Transit SOV Parking Permit Fees (by Park and Ride Facility):

Park and Ride Facility SOV Monthly Permit Fee ORCA LIFT Monthly Permit Fee

Tacoma Dome Station \$80 \$27

(future locations to be determined)

## 2. Waiting Lists

- a) Permits will be sold on a first come first serve basis. Where demand is higher than the number of permits available, the vendor tasked with administering the program will maintain a waiting list of customers seeking permits at each lot. Waiting lists will be kept with applicant names listed in chronological order based on when they submitted their permit application. If a permit becomes available, applicants will be notified of the opportunity to purchase a permit in the order in which they are on the waitlist.
- b) During the first thirty days of permit sales 10% of permits at each lot will be reserved for customers who meet the eligibility requirements for ORCA LIFT, to provide adequate time for those customers to verify their eligibility for ORCA LIFT. After the first month, and in the case of a waiting list at a lot, priority will be given to verified ORCA LIFT eligible customers for any permits that become available until the 10% ORCA LIFT target has been met. If there are no ORCA LIFT eligible customers on the waiting list, then the permits will be sold to customers on the waiting list who do not qualify for ORCA LIFT.

## 3. Enforcement of Permit Parking Restrictions

The following rules will guide enforcement of posted permit-parking restrictions at Pierce Transit Park & Ride facilities.

- a) If a vehicle is parked in a designated permit-area during the restricted time period (1) without a valid physical permit or virtual permit associated with the vehicle's license plate, or (2) with an improperly displayed physical permit, or (3) with an invalid physical permit displayed, or (4) not properly parked within the marked parking stall, Parking Enforcement staff will record the license plate number of the vehicle and will cite the vehicle as being in noncompliance of permit parking rules.
- b) For vehicles registered with a SOV or HOV permit, any violation of rules listed in Section XI.3.a. will first result in a written warning to the permit holder. After 2 warning citations for any type of violation have occurred, a third occurrence of unauthorized parking in a

permit parking area will result in notification to Pierce Transit for action, with possible towing and impound of the vehicle under Pierce Transit Park and Ride Lots Rules and Regulations Resolution No. 90-152.

- c) Vehicles registered with a HOV permit that are observed parking in a permit area with only one person arriving and or exiting the vehicle will initially receive a warning citation that will be placed on the vehicle windshield. Carpool permit holders may receive up to two warning notices for violations of the 2+ person permit parking vehicle rule. A third violation will result in the carpool permit holder's account being suspended.
- d) A current, valid physical permit should be displayed either (1) by hanging it from the rear-view mirror and clearly visible from outside of the vehicle, or (2) by laying the permit face up on the driver's side dashboard with the bottom edge of the permit angled towards the driver's side front wheel. For vehicles permitted through a virtual permit, the vehicle license plate associated with the permit must be visible and legible from the outside of the vehicle.
- e) Examples of improperly-displayed physical permits include but are not limited to: leaving it on a dashboard face down; hanging it from the mirror but covering it with something else; leaving it on a seat; or displaying it in such a way that Parking Enforcement Staff cannot verify its validity from outside of the car.
- f) Examples of displaying an invalid permit include but are not limited to: Displaying an expired permit; or displaying a permit that is valid for parking at a facility other than the one in which the vehicle is located.
- g) Parking Enforcement Staff will photograph, document and specify the nature of any infraction that leads to a warning, citation, issuance of a monetary fine, issuance of any applicable late fees, and will include information about the process to appeal the citation, including contact information. A photo of the vehicle's license plate will be documented. The equipment utilized may change over time as technology advances and enforcement needs evolve.

### 4. Appealing a Citation

a) If a vehicle owner wishes to contest a citation, the owner may appeal the citation directly to the Parking Management company that issued the citation.

## XII. REQUIREMENTS FOR RENEWAL OF PARKING PERMITS

### 1. Permit Renewal Requirements

a) <u>Transit Use Requirement</u>: Permits are renewed by Parking Enforcement Staff on a monthly basis. A permit will be renewed if

the SOV permit holder or if every member of the permit group is documented to have used the form of public transportation (bus transit, rail transit, or vanpool) associated with the permit at least 12 times per month in a 31 day consecutive period prior to the date of permit renewal, on a transit trip to or from the facility that the permit is issued for, and maintains a registered and paid vanpool account, if applicable. If a SOV permit holder or permit group fails to meet these requirements, then Parking Enforcement Staff will notify the permit holder or permit group via email that their monthly permit will be terminated. If a permit holder or member(s) of a permit group wishes to challenge this decision, he or she may do so in writing via email or mail. The permit will not be renewed, and parking privileges will not be available to permit holder or permit group unless and until the challenge is granted. A permit holder or permit group whose permit has been terminated and not renewed may always submit a request for a new permit. This rule does not address the initial issuance of new permits.

b) Payment: SOV permits will be issued on a monthly basis to customers after payment is received by the vendor administering the program on behalf of Pierce Transit. All active accounts must be paid by the deadline set by the vendor. The vendor will provide one reminder by email if payment is not received by the established deadline. If payment is not received by the final deadline the vendor may close the account. Closed accounts may reapply for the permit program to be considered for reinstatement. For lots where there is a waiting list, permit holders will be provided with one instance where their permit will be held for up to four weeks during which time the permit holder can pay for their permit plus a late fee and reactivate their account. Parking privileges will not be available to permit holders until the permit and late fee has been paid. Deadline for payment will be established by the vendor as needed to allow a reasonable amount of time for processing, permit issuance, and related administrative tasks. The vendor shall communicate the fees and deadlines on their webpage and notify permit holders in writing by mail or email at least one month in advance of any changes.

#### XIII. PARKING PERMIT TERMINATION REVIEW PROCESS

#### 1. Review of Permit Termination

This section outlines the reasons and procedures to renew a terminated permit. A terminated permit will not be renewed for any reason other than those set forth in this section. A permit holder or permit group whose permit has been terminated and cannot be renewed may always apply for a new permit.

- a) <u>Absence:</u> Permittees are allowed two months each calendar year in which one or more ORCA cards or vanpool logs may fall below the required transit ridership threshold. If a permittee is challenging termination on the grounds that a SOV permit holder or one or more members of the permit group was absent due to vacation or medical reasons during the noncompliance period for which the permit was terminated, then the following process will apply:
  - i) The permittee(s) must email or mail the Parking Enforcement

- Staff a letter including names and ORCA card numbers, Vanpool Commuter ID, or account names associated with the permit, and the dates of absence that resulted in insufficient ridership. The letter should be sent to the address identified in the letter or email by which the Parking Enforcement Staff initially notified the permit holder or permit group that their permit was terminated.
- ii) The Parking Enforcement Staff will create a record associated with the permit holder or permit group indicating that it has used one of the two allowable months in the calendar year when ridership can dip below required levels as a result of absence (each, an "Absence Exception").
- iii) The Parking Enforcement Staff will renew the permit up to two times per calendar year following an Absence Exception. If the permit holder or permit group has used both Absence Exceptions for a given calendar year, then the permit will not be renewed.
- b) New ORCA Card Numbers. Permittees are allowed two instances per calendar year in which they dip below the required ridership threshold as a result of not updating the ORCA numbers associated with their permit to reflect newly-issued ORCA numbers. A permit group is entitled to two instances per year per group. If a permittee is challenging termination on the grounds that a SOV permit holder or one or more members of the permit group received a new ORCA number during the noncompliance period for which the permit was terminated, then the following process will apply:
  - i) The permittee(s) must email or mail the Parking Enforcement Staff a letter including names, the old ORCA numbers and any updated ORCA numbers associated with the permit. The letter should be sent to the address identified in the letter or email by which the Parking Enforcement Staff initially notified the permit holder or permit group that their permit was terminated.
  - ii) The Parking Enforcement Staff will create a record associated with this permit holder or permit group indicating that it has used a month in the calendar year when ridership can dip below required levels as a result of failure to update ORCA information (the "ORCA Update Exception").
  - iii) The Parking Enforcement Staff will renew the permit up to two times per calendar year following an ORCA Update Exception. If the permit holder or permit group has used its two ORCA Update Exceptions for a given calendar year, then the permit will not be renewed.
- c) ORCA Equipment Failure or Data Error. Pierce Transit recognizes that a broken ORCA reader or other ORCA equipment failure could lead to under-reporting of ridership, or that an ORCA record might not properly reflect actual ridership or instances in which the ORCA card was used (each, an "ORCA System Failure"). Using the process outlined below, permittees may renew a terminated permit due to an ORCA System Failure. If a permittee is challenging termination on the grounds that there was an ORCA System Failure during the period when the permit was terminated, then the following process will apply:

- i) The permittee(s) must email or mail the Parking Enforcement Staff a letter including name(s) and ORCA number(s) associated with the permit and asserting that the SOV permit holder or all members of permit group did meet the ridership threshold. The letter should be sent to the address identified in the letter or email by which the Parking Enforcement Staff initially notified the permit holder or permit group that their permit was terminated.
- ii) If the Parking Enforcement Staff confirms the ORCA System Failure or failures, then the Parking Enforcement Staff will create a record associated with this permit and the Parking Enforcement Staff will renew the permit. If the Parking Enforcement Staff do not confirm the ORCA System Failure, then the Parking Enforcement Staff will not renew the permit.
- iii) If a permit holder or permit group experiences repeated problems with an ORCA card, the permit holder or a member of the permit group should contact Pierce Transit Customer Service by calling (253) 581-8000 (option 1) or 1-800-562-8109, or in person at the Pierce Transit Customer Information Office located at 505 E. 25<sup>th</sup> St, Tacoma WA., referencing the ORCA card number to staff for manual verification.
- d) Failure to Properly Maintain Vanpool Account. Permittees are allowed one instance per calendar year in which they may renew a permit that was terminated for lack of a registered and paid vanpool account with a transit agency (each, a "Vanpool Account Maintenance Failure"). A permit group is entitled to one instance per year per group. If a HOV permit holder or permit group is challenging termination on the grounds that an otherwise-valid permit was terminated due to a Vanpool Account Maintenance Failure, and that they are currently a registered and paid member in a vanpool, then the following process will apply:
  - i) Permittee(s) must email or mail Parking Enforcement Staff a letter including name, vanpool account name or van number, and vanpool Commuter ID number associated with the permit, and asserting that the permit holder or member of a permit group is in good standing with a registered and paid vanpool account with the relevant transit agency. The letter should be sent to the address identified in the letter or email by which the Parking Enforcement Staff initially notified the permit holder or permit group that their permit was terminated.
  - ii) If the Parking Enforcement Staff verifies that there is a valid, registered and paid vanpool account with the relevant transit agency, then the Parking Enforcement staff will create a record associated with the permit holder or permit group indicating that it has used its Vanpool Account Maintenance Failure exception for the calendar year and renew the permit. If the Parking Enforcement Staff cannot verify that there is valid, registered and paid vanpool account with the relevant transit agency, or if the permit holder or permit group has used its Vanpool Account Maintenance Failure exception for the calendar year, then the Parking Enforcement Staff will not renew the permit.
  - iii) If a permit holder or permit group experiences repeated difficulties with its vanpool account registration or payment

status, then the permit holder or a member of the permit group should contact the relevant transit agency that sponsors the vanpool group.

## XIV. IMPLEMENTATION PLAN

This program becomes effective upon ratification by the Pierce Transit Board of Commissioners. Pierce Transit is responsible for the implementation of this program.

## Resolution No. 2020-007 Exhibit B

## 3.13.120 – Miscellaneous provisions.

- I. Parking Permit Program for Pierce Transit Owned Facilities The Pierce Transit Board of Commissioners delegates certain authority to Pierce Transit CEO to modify or adjust permit fees, permit parking hours, quantity of permits issued, space locations, signage, space use restrictions and quantity of spaces at each location, to achieve program goals within the following parameters:
  - 1. Only during defined periods;
  - 2. Average weekday facility utilization is 90% or higher for at least 3 consecutive months;
  - 3. No more than 50% of the total number of parking stalls provided for transit rider use at any Pierce Transit parking facility may be allocated for the exclusive use of HOV and/or SOV parking permit holders during permit enforcement hours;
  - 4. HOV requests are prioritized over SOV and incentivized accordingly;
  - 5. Prices set to recover costs of program and/or reflect market rates for SOV;
  - 6. Provide 33-50% discount for SOV low-income ORCA Lift pass holders;
  - 7. Pierce County residents will be given priority over non-residents for SOV permits;
  - 8. The number of customers on wait lists for HOV and SOV permits should not exceed 15% of the total quantity of such parking permits issued;
  - 9. Verifiable transit usage to/from facility for which permit is issued is required by each permit participant in order to maintain permit eligibility.

## **RELATED ACTION:**

Resolution No. 2019-012, Establishing Operating Procedures for the Executive Finance Committee

Resolution No. 2019-013, Establishing a New Committee of the Board – Service Delivery and Capital Committee and **Establishing Committee Operating Procedures** 

ATTACHMENTS: **Proposed Resolution**  RELATION TO STRATEGIC PLAN: Internal

Exhibit A, Proposed Code Changes

**BUDGET INFORMATION: N/A** 

## BACKGROUND:

On May 13, 2019, the Board approved Resolution No. 2019-012, establishing Operating Procedures and specific authority levels for the Executive Finance Committee (EFC) and the Board also approved Resolution No. 2019-013 establishing a new Service Delivery and Capital Committee (SDCC) and Operating Procedures and specific authority levels for this committee. Both committees' authority levels were delegated very similar authority levels with just minor differences in their respective authority levels.

Since the implementation of the SDCC in May 2019, staff has determined that the board's delegated committees could operate more efficiently and there would be more flexibility in conducting Agency business if the authority levels for the board-delegated committees were the same.

The proposed code changes in Exhibit A would set the authority levels the same for the Agency's board-delegated committees, which currently consist of the EFC and SDCC, and will also revise Section 3.13 of the Pierce Transit Code so that it is consistent with the Agency's practices.

Should the Board approve the proposed code changes presented in Exhibit A, the Operating Procedures for the boarddelegated committees will be amended so that they are consistent with the amendments proposed in Exhibit A and will be placed on the March 9, 2020, Pierce Transit Board meeting consent agenda as a housekeeping item.

### STAFF RECOMMENDATION:

Approve the resolution to revise the proposed code language so that the authority levels for board-delegated committees are the same so that Agency business can be conducted in a more flexible and efficient manner.

# FACT SHEET PAGE 2

## **ALTERNATIVES:**

Do not approve the code revisions. This is not recommended as setting the authority levels the same for board-delegated committees would improve efficiency and give the Agency more flexibility to conduct business.

## PROPOSED MOTION:

Move to: Approve Resolution 2020-008, amending Chapter 3.13 of the Pierce Transit Code as presented in - Exhibit A, setting the authority levels the same for board-delegated committees.

## **RESOLUTION NO. 2020-008**

A RESOLUTION Amending Chapter 3.13 of the Pierce Transit Code Setting the Same Authority Levels for Board **Delegated Committees** 

3

1

2

WHEREAS, pursuant to Resolution No. 1984-098, committees of the Board shall be created from time to time by act of the Board as needed to facilitate the conduct of business; and

WHEREAS, the Board of Commissioners adopted Resolution No. 2008-026 authorizing Rules and

6

Operating Procedures for Board Committees; and

8

WHEREAS, pursuant to Resolution No. 2019-012, the Board established specific Operating Procedures for the Executive Finance Committee (EFC) that better defines the role and responsibilities of the committee and sets formal guidelines and rules in which the committee will operate; and

11

WHEREAS, pursuant to Resolution No. 2019-013, the Board established the Service Delivery and Capital Committee (SDCC) and related Operating Procedures that defines the role and responsibilities of the committee and sets formal guidelines and rules in which the committee will operate; and

14

WHEREAS, both committees' authority levels were delegated very similar authority levels with just minor differences in their respective authority levels; and

16

WHEREAS, staff recommends that the authority levels of its board-delegated committees be the same for the efficient operations of conducting Agency business.

18

NOW THEREFORE, BE IT RESOLVED by the Board of Commissioners of Pierce Transit as follows:

19

Section 1. The Board of Commissioners hereby authorizes amending Chapter 3.13 of the Pierce Transit Code as presented in Exhibit A, which is attached hereto, setting the same authority levels for boarddelegated committees.

Section 2. The Board of Commissioners directs staff to amend the Operating Procedures for the board-delegated committees so that the authority levels are the same and are consistent with the proposed code changes in Exhibit A and to bring said Operating Procedures of the board-delegated committees back to the March 9, 2020, Board Meeting for approval on the consent agenda.

ADOPTED by the Board of Commissioners of Pierce Transit at their regular meeting thereof held on the 10th day of February 2020.

## EXHIBIT A Resolution No. 2020-008

## Section 3.13.010 - Delegated authority

D. As permitted by law, the board's executive-finance <u>delegated</u> committees is are hereby authorized to approve all contracts proposed for award and all contracts for Pierce Transit to acquire or use property of others or to allow the use of Pierce Transit property by others which exceed the chief executive officer's award authority up to a maximum amount of one million dollars or as otherwise required by law. Such approval shall be by motion based on written facts provided by the chief executive officer.

## Section 3.13.090 - Change order administration

- A. Construction contracts (public work) and capital equipment purchases: The chief executive officer may execute change orders in any amount, up to his/her purchasing authority, so long as the cumulative change order amount does not exceed the approved project contingency. Change orders exceeding \$200,000 and up to \$1,000,000 may be approved by the Executive finance board's delegated committees. Change orders exceeding \$1,000,000 and any change order requiring a budget amendment must be approved by the board. The board delegated committees may approve capital project budget amendments up to \$500,000, but no more than twice during the course of a capital project.
- B. Professional services contracts: The chief executive officer may execute change orders in any amount, so long as the cumulative change order amount plus the original total Board-approved contract amount does not exceed his/her purchasing authority. Change orders exceeding \$200,000 and up to \$1,000,000 may be approved by the executive finance board's delegated committees. Change orders exceeding \$1,000,000 and any change order requiring a budget amendment must be approved by the board.

(all other code provisions in these sections shall remain the same)

Date: February 10, 2020

TITLE: Authority to Execute an Interlocal Agreement with the City of Tacoma for Public Art Commissioning and Management at the Commerce Turnaround Facility DIVISION: Planning & Community Development

SUBMITTED BY: Janine Robinson, Senior Planner

RELATED ACTION: N/A

ATTACHMENTS: RELATION TO STRATEGIC PLAN: Customer

**Proposed Resolution** 

Exhibit A, Proposed Interlocal Agreement (to be provided)

## BUDGET INFORMATION

Is it Budgeted? ☑ Yes / ☐ No Project Name or Number: Commerce Refurbishment Project

⊠Operating Budget ⊠Capital Budget

FUNDING SOURCE:	EXPLANATION:
Local Amount \$ \$285,000	\$265,000 will come from the existing Commerce Refurbishment Project. \$2,000 per year will be budgeted in the Operating budget for up to 10 years.
Grant/Other Amounts \$ -	
Total Expenditure \$ 285,000	

## **BACKGROUND:**

Pierce Transit's Commerce Street Turnaround Facility was completed in 1993. The Commerce Tunnel Refurbishment Project is intended to provide essential mid-life maintenance and repairs so that the facility can continue to operate as a bus turnaround facility, operators' lobby and transit center. The facility's large-scale water fountain has been inoperable since 2018 and needs decommissioning. The Interlocal Agreement with the City of Tacoma (City) would allow Pierce Transit to access the City's professional public art management services to commission a public artist to contribute to the decommissioning by recreating the former fountain as a space that uses color, light, pattern, sculptural forms, and/or plant materials to create an environment that feels welcoming, exciting, and safe.

The City's Office of Arts and Cultural Vitality has an established process to solicit, select, site and provide maintenance oversight for public art in coordination with several public agencies. The City provides professional public art management services to ensure that projects include artists of the highest caliber who meet the needs of the Project. The goal is to commission artists to create artwork that reflects the demands of the Project. Artists will be engaged in a professional manner consistent with best practices to integrate and include artwork within the design and

construction process. Construction on mechanical, electrical and civil mid-life repairs to the facility will begin this summer and the artist's work will be coordinated with the facility contractor's work.

Between 2016 and 2018 Pierce Transit partnered with the City of Tacoma and Broadway Center for the Performing Arts (now Tacoma Arts Live) to develop the Tacoma Theater District Placemaking Plan. During that project's outreach and engagement process, the community told us:

- They want the theater district to be active and vibrant, all the time;
- They know transit is important to the district, but they don't feel comfortable and safe on Commerce Street, and they want all the public spaces to be more inviting and better cared for.
- They see that artists are key to strengthening the district.

The interlocal with the City of Tacoma to manage a public artist to reimagine the former fountain spaces embraces these community desires and helps Pierce Transit to provide a place where people want to use transit while reducing maintenance and refurbishment costs associated with the waterwall.

The overall project budget for the waterwall public art is \$265,000. The ILA provides for the City of Tacoma to be paid 10% of the overall budget for public art for management services: \$26,500. In addition, the ILA provides for a payment of \$2,000 per year for up to 10 years for maintenance oversite, including deaccession (removal) services. The public art budget breakdown is as follows:

Description	Amount
City of Tacoma Public Art Solicitation, Selection, Contracting, Installation	\$ 26,500
Management, Communication, Outreach Services	
Public Artist Commission	\$239,500
Total Capital Funds	\$265,000
City of Tacoma Maintenance, Communications, Removal Oversight	\$2,000 per year
	(for up to 10 years)
Total Operating Funds	\$ 20,000
	(over 10 years)
Total Expenditure	\$285,000

#### STAFF RECOMMENDATION:

Approve Resolution 2020-008, authorizing execution of an interlocal agreement with the City of Tacoma for Public Art Commissioning and Management at the Commerce Turnaround Facility.

## **ALTERNATIVES:**

An alternative would be to have Pierce Transit manage the artist solicitation and selection, siting and maintenance oversight. However, the City has an established process and expertise in this field, has provided such services for other public agencies, and provides the services at a reasonable cost. Another alternative is to use landscaping to decommission the fountain area, however, staff has pursued this design alternative and the estimate for that alternative has a significantly higher cost and does not have the potential to create the visual and experiential impact that a public art project is anticipated to create for the space.

# FACT SHEET PAGE 3

## PROPOSED MOTION:

Move to: Approve Resolution No. 2020-009, authorizing the Chief Executive Officer to enter into and execute an Interlocal Agreement with the City of Tacoma for Public Art Commissioning and Management at the Commerce Turnaround Facility in an amount not to exceed \$285,000.

## 

## **RESOLUTION NO. 2020-009**

A RESOLUTION of the Board of Commissioners of Pierce Transit Authorizing the Chief Executive Officer to Enter into and Execute an Interlocal Agreement with the City of Tacoma for Public Art Commissioning and Management at the Commerce Turnaround Facility

WHEREAS, Pierce Transit's Commerce Street Turnaround Facility was built in 1993 and needs mid-life maintenance and repairs; and

WHEREAS, the Commerce Street Turnaround Facility's large-scale water fountain has been inoperable since 2018 and needs decommissioning; and

WHEREAS, as Pierce Transit improves the Commerce Street Turnaround Facility, it plans to solicit an artwork that reimagines the former fountain as a space that uses color, light, pattern, sculptural forms, and/or plant materials to create an environment that feels welcoming, exciting, and safe; and

WHEREAS, the City of Tacoma Office of Arts and Cultural Vitality has an established process to solicit, select, site and provide maintenance oversight for public art in coordination with public agencies; and

WHEREAS, the City of Tacoma provides professional public art management services to ensure that projects include artists of the highest caliber who meet the needs and demands of the Project; and

WHEREAS, Pierce Transit agrees to fund the public art solicitation and selection process and actual artwork not to exceed \$285,000; and

WHEREAS, the City of Tacoma will develop and implement an artist selection process, contract with the selected artist, manage the public art project development and implementation including: review, approvals, installation, public communications and outreach; and

WHEREAS, the City of Tacoma will provide maintenance oversight and deaccession (removal) services for up to 10 years; and

WHEREAS, Pierce Transit agrees to pay the City of Tacoma \$2,000 per year for up to 10 years for maintenance oversight and deaccession services.

NOW THEREFORE, BE IT RESOLVED by the Board of Commissioners of Pierce Transit as follows:

<u>Section 1</u>. The Board of Commissioners authorizes the Chief Executive Officer to enter into and execute an Interlocal Agreement with the City of Tacoma for Public Art Commissioning and Management at the Commerce Turnaround Facility.

ADOPTED by the Board of Commissioners of Pierce Transit at their regular meeting thereof held on the 10<sup>th</sup> day of February 2020.
