FUNDING SOURCE:		EXPLANATION:
Current Contract Authority	\$ 377,706.22	This request will authorize the funds required to provide the continuation of vehicle recovery and towing services through September 2022.
This increase Authority	\$ 65,000.00	
Total Contract Authority	\$ 442,706.22	

BACKGROUND:

Contract PT-32-16 for routine vehicle towing and recovery services was awarded to Gene's Towing, Inc., after a competitive bid process in 2016.

The current amount expended on this Contract is \$366,373.25. The requested additional funds in the amount of \$65,000 will be allocated from the Fleet Maintenance operating budget. The current contract amount was calculated based on the contract expiration date of September 30, 2021. However, the contract was extended via an amendment on September 20, 2021 for another year and now expires on September 30, 2022. To ensure there will be adequate funding, the request is to increase the contract authority to adjust for the impact of the additional year. Staff will initiate the RFP process for towing services in 2022.

STAFF RECOMMENDATION:

The Fleet Maintenance Department requests authority to increase the current contract spending authority by \$65,000 for a revised contract spending authority of \$442,706.22.

ALTERNATIVES:

Do not authorize. This would leave Pierce Transit without any towing services for its fleet, resulting in extra costs incurred by no price guarantee; premiums during peak hours; increased fuel surcharges; untrained contractors; unavailable equipment; potential damage to vehicles and no guaranteed response time.

PROPOSED MOTION:

Move to: Authorize the Chief Executive Officer to increase the contract authority amount with Gene's Towing, Inc., Contract PT-32-16, in the amount of \$65,000 for a revised contract spending authority of \$442,706.22 through September 2022.

#### BACKGROUND:

In response to direction in the Federal Transportation Act MAP-21, in 2014 the PSRC Executive Board changed the structure of the Transportation Policy Board so that transit will be represented in a voting capacity. The new board structure eliminated the non-voting transit agency seats and added five voting seats: one regional seat for Sound Transit and one specifically designated local transit seat for each county. According to current PSRC Policy Board Appointment Policy, voting members must be elected officials, so all five seats and alternates must be filled with elected officials appointed by the transit boards to specifically represent transit interests. For the regional transit seat, the appointment will be made by the Sound Transit Board. For the countywide transit seats, the appointment will be made by the Board of the largest transit agency in the county, but the member will represent all transit interests and providers within the county. Pierce Transit serves as the largest transit agency in Pierce County.

Each year, the Pierce Transit Board of Commissioners elects a primary and alternate representative to serve on the Puget Sound Regional Council Transportation Policy Board. The term of these appointments shall be from January 1, 2022 through December 31, 2022.

As information, the representatives for 2021 were Marty Campbell – primary; John Palmer – alternate member.

As information, the Transportation Policy Board advises the Executive Board of the Puget Sound Regional Council on transportation issues pursuant to federal and state legislation and appropriate related concerns of jurisdictions, citizens, and other interests. Transit-related work of the TPB includes, but is not limited to:

- Updating the metropolitan transportation plan, including transit elements (Transportation 2040 and successor documents),
- Recommending Executive Board action on federal transportation funds;
- Taking action on the findings of conformance to new Sound Transit System Plan before a public vote, as required by state law;
- Reviewing and commenting on annual transit coordination reports and other transit-related documents that are presented to the TPB; and
- Discussing and making recommendations on emerging transportation issues.

The PSRC Transportation Policy Board meets the second Thursday of each month from 9:30 – 11:30 a.m. at the Puget Sound Regional Council office located at 1011 Western Ave., 5<sup>th</sup> Floor, Seattle. The next meeting is Thursday, January 14, 2019.

#### Nomination and Election Process

1. Chair opens the floor to receive nominations from members for Primary Representative.
2. After all nominations have been made, the Chair seeks a motion and second to close nominations.
3. The Chair should call for the vote on each nominee in the order in which they were nominated.
4. The first nominee to receive a majority vote is elected.
5. Repeat process for Alternate Representative if needed.

ALTERNATIVES: None

PROPOSED MOTION:

Move to: Approve Resolution No. 2022-001, electing Commissioner \_\_\_\_\_ to serve as the primary transit representative and Commissioner \_\_\_\_\_ to serve as the alternate transit representative for the Puget Sound Regional Council Transportation Policy Board for calendar year 2022.

**TITLE:** Appointing Paul Buchanan, Jamie Witter, Brandi DeCoteau, and Benjamin Yoder to the Community Transportation Advisory Group (CTAG)

**DIVISION:** Planning & Community Development

**SUBMITTED BY:** Nathan BeVelle, Community Development Administrator

**RELATED ACTION:**

Resolution No. 14-011 Revising CTAG Charter

Resolution No. 15-007 Amending CTAG Charter

**ATTACHMENTS:**

Proposed Resolution  
Exhibit A, Candidate Applications

**RELATION TO STRATEGIC PLAN:** N/A

**BUDGET INFORMATION:** N/A

**BACKGROUND:**

The purpose of the CTAG is to offer an opportunity for community stakeholders to provide feedback and suggest improvements and recommendations on plans, policies, and services offered by Pierce Transit. CTAG is an integral part of the Agency's overall public involvement efforts and an important conduit for obtaining public input, communicating to the public and encouraging public support for transit. Pierce Transit's Community Transportation Advisory Group (CTAG) is comprised of no less than nine (9) and no more than twelve (12) community members.

As of January 29, 2022, two members' terms will end, as of April 24, 2022 an additional two members' first term will expire and they have indicated they do not wish to seek reappointment, and there will be one additional vacancy on the CTAG. It is the preference of CTAG to recruit more than the minimum number of members to ensure the minimum is maintained if unexpected departures occur throughout the year.

As provided by the CTAG Charter, the Agency recruits and selects new CTAG members through a competitive application process. The Agency has conducted a public application and recruitment process to fill CTAG vacancies with members that represent the broad diversity of the Pierce Transit service area. Advertisements were announced on board buses, shared by Tacoma Public Library online, shared through the Tacoma-Pierce County Chamber of Commerce, and were posted via Pierce Transit's website, Facebook and Twitter accounts, and the agency's community newsletter.

The CTAG Liaison selected applicants for interviews based upon how prior work experience, education or volunteer activities contributed to the improvement of public transit, how they felt public transit benefits people who do not regularly ride the bus, leadership experience and what community networks or groups would be served by their presence on CTAG. Then, a selection committee comprised of CTAG member Cody Bakken and Pierce Transit staff members Nathan BeVelle (CTAG Liaison) and Lani Fowlkes (Community Development Coordinator) participated in the

interviews, ranking candidates according to type and size of constituent group represented, leadership experience, community connections and communication opportunities, and ability to bring unique perspective to CTAG.

Following the completion of interviews, Paul Buchanan and Jamie Witter are recommended by the selection committee to fill upcoming CTAG vacancies. Their terms will begin January 27, 2022. Brandi DeCoteau and Benjamin Yoder are recommended by the selection committee to fill upcoming CTAG vacancies. Their terms will begin April 28, 2022.

**STAFF RECOMMENDATION:**

Appoint Paul Buchanan and Jamie Witter each to a CTAG term beginning January 27, 2022 and ending January 23, 2025.

Appoint Brandi DeCoteau and Benjamin Yoder each to a CTAG term beginning April 28, 2022 and ending April 24, 2025.

**ALTERNATIVES:**

Decline to appoint any or all the proposed candidates for appointment to the CTAG and direct staff to continue the recruitment process to allow additional applicants to materialize.

**PROPOSEMD MOTION:**

Move to: Approve Resolution No. 2022-002 appointing Paul Buchanan and Jamie Witter each to a CTAG term beginning January 27, 2022 and ending January 23, 2025 and Brandi DeCoteau and Benjamin Yoder each to a CTAG term beginning April 28, 2022 and ending April 24, 2025.

1. Describe the top three public transportation issues of concern and importance to you.

1. Socio-economic equity/access.  
2. Environmental impact.  
3. Resourcing (specifically increasing the frequency and use of the Sounder).

2. List the communities and groups you belong to and explain how your membership on CTAG would improve communication with and add value to these groups.

I am a Black professional who commutes to Seattle and I am involved as a leader in Black Employee Resource Groups in the tech sector. I moved to WA for work and I believe that better marketing of mass transit can be leveraged to convince more people like me to live in Pierce county vs King county. This would be good for business, tax collection, and real estate development. My membership in CTAG would improve communication and allow me to advocate for more commuters living in Pierce county.

3. Please explain how your background or experience qualifies you for membership on the CTAG. You may upload a brief bio or resume below.

I emigrated to the US from Jamaica when I was 13. I have lived in GA, AL and WA. As a law student in GA I advocated for public transit and worked with community organizers to shape the Metropolitan Atlanta Rapid Transit Authority (MARTA) budget to make it more equitable. I have been an advocate for better public transit due to traveling to other countries and seeing how important transit investments are for people at the bottom of the socio-economic ladder. I believe that as an attorney and someone who loves economics I can bring a lot to the table with regards to the discussions we need to have within our community. I also think that as someone who has lived here for less than 4 years I can bring a fresh perspective to some of the discussions we will have.

Yes

1. Describe the top three public transportation issues of concern and importance to you.

1. Sustainability - I am a regular biker who has used Pierce County Transit to get up the hill on Meridian in Puyallup (the system is very easy to use, by the way.) But I would like to see Pierce County give discounts or passes for bikers as a way of supporting efforts in sustainability.

2. Elderly and disabled - I worked as social worker for Aging and Adult Services for the County of San Mateo, CA, for 26 (of 35) years. This is my population of specialization. I would like to learn more about how this population is faring on Pierce County, and see what needs to be improved i.e. paratransit.

2. List the communities and groups you belong to and explain how your membership on CTAG would improve communication with and add value to these groups.

Audubon Society  
National Geographic Society  
AAA

I would like to find out more about transportation to rural areas for those wishing to enjoy the out of doors, and what additional services to be offered. Also, has anyone explored getting auto insurance companies to give discounts to bus riders who cut down on their use frequency of automobiles.

3. Please explain how your background or experience qualifies you for membership on the CTAG. You may upload a brief bio or resume below.

I am a lifetime user of public transportation (thanks to my dad, who was on the Board of BART (Bay Area Rapid Transit) in the San Francisco Bay Area. My work required close contact with those populations with the greatest needs for inexpensive, reliable service. (See attached CV)

1. Areas of Accessibility
2. Fare going up
3. Criminal activity on busses

2. List the communities and groups you belong to and explain how your membership on CTAG would improve communication with and add value to these groups.

I work for the Domestic Violence Program for the Puyallup Tribe of Indians. I am (was prior to covid) very involved in the Native Community Events. I believe my membership would provide value in the minority aspect of it and also the social work aspect of it.

3. Please explain how your background or experience qualifies you for membership on the CTAG. You may upload a brief bio or resume below.

I believe my background working with Domestic Violence Survivors makes me a great voice to be on the CTAG because, if needed I can provide input or a perspective that was perhaps not brought up before. I am Native American as well, so I also represent the minority group. I have not served on anything such as this, and when this was brought to my attention it immediately intrigued me. I would love to be a part of something like this and to learn more about it. I feel I would be a great addition to the CTAG as I can communicate effectively with people whose point of view may be different than mine, provide valuable input from the minority aspect/social work view and am eager to learn what it takes to be part of a group like this.

1. Describe the top three public transportation issues of concern and importance to you.	<p>Public transportation is the backbone of any community. It is important to keep this backbone healthy and thriving to provide a better quality of life for all citizens. Three concerns that could impact this backbone would be connectivity, reliability, and equity.</p> <p>Connectivity is a determining factor in whether or not to take public transportation. Pierce County has seen rapid growth over the last 5 years and it is important to back that growth with a connected network of busses, trains, and shuttles. Many people commute outside of the county for work, so it would be important to me to see</p>

more connectivity to intermodal transit hubs.

## Exhibit A

Reliability is a key factor for Public Transit customer retention. If someone chooses to take transit, it is important to me to ensure that we can get them to their destination in a timely manner. If routes are frequently impacted or late, then it can deter people from choosing this method of mobility. It would be my mission to make sure that our resources and assets are effectively ensuring reliability for our customers.

Equity is very important when it comes to the level of service across the county. You can have the connectivity and reliability, yet if it is not applied justly then it can cause more harm than good. We are noticing more than ever how our past decisions impacted (for better or worse) different demographics. It would be important to me to make sure that everyone has an equal opportunity to take advantage of our transit network.

2. List the communities and groups you belong to and explain how your membership on CTAG would improve communication with and add value to these groups.

I am a member of the following communities:

- Deaf and Hard of Hearing
- Millennial community
- Cycling community

As a member of these communities, I can provide insight and perspective to achieve the department's mission in these communities. It would be valuable to be a member of the advisory group to ensure these groups are represented and our transit works with and for them.

3. Please explain how your background or experience qualifies you for membership on the CTAG. You may upload a brief bio or resume below.

My background has prepared me for CTAG in many ways.

To begin, I graduated college with a degree in Geography & Geographic Information Science (GIS). In this field of study, I looked at environmental influencers both human and natural on how our world was shaped and molded. With my minor in GIS, I learned how to analyze spatial data with the intent to have it tell a story, whatever the title may be.

I am an avid cyclist. I love taking in our counties beauty and often hilly landscape from the bicycle. In 2021 alone I have logged just over 4200 miles and I have the ambition to keep going. It would be amazing to bring my love and passion for cycling and infrastructure to support this method of transport to the advisory group.

Lastly, I would be proud to bring the experience from my previous jobs and achievements. I have attached a resume below for you to read more about it. I believe that every opportunity I have been given has helped me excel. I strive to continually learn and grow to better care for those around me.
