Bus Rapid Transit Online, live-streaming public meeting

December 10, 2020 | 5:00 - 6:30 pm

Pierce Transit invites you to learn about Bus Rapid Transit (BRT) and the project plans for this new transit service along Pacific Avenue/SR-7 between Tacoma and Spanaway. The BRT project is about 60% designed. This is a great time to get your questions answered about the project. Come hear about:

- System name and potential sponsorships
- Agency partner agreement
- Timeline and budget
- New detailed maps
- Utilities relocates
- Property impacts
- Station design

Attendees have a chance to win an ORCA card valued at \$20!

Visit [RideBRT.com](https://ridebort.com) for details and a link to the meeting.

Bus Rapid Transit (BRT) is an innovative, high capacity, efficient public transit solution that moves people like light rail, but on wheels.

Frequent
Bus runs every 10-15 minutes

Fast
Traffic signals prioritize transit

Safe and reliable
Real-time arrival information and station lighting

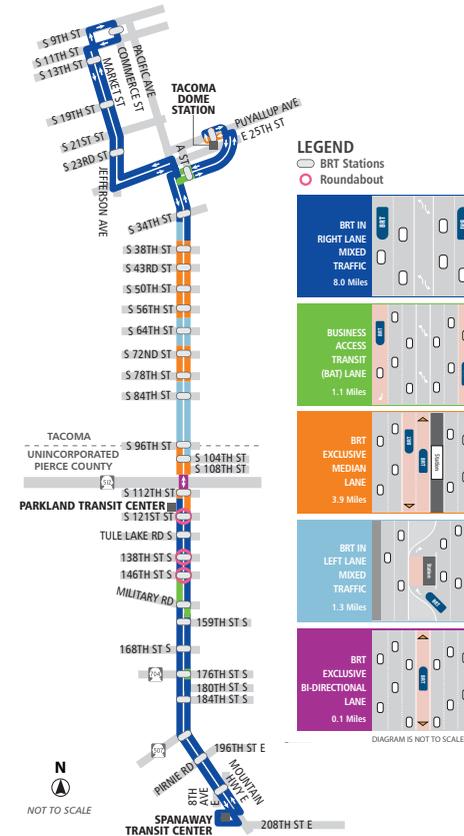

Accessible
Larger buses, room for on-board bicycles, easier wheelchair and stroller access

Connected
Connecting downtown Tacoma and Spanaway with stops at key destinations

Easy to board
Off-board fare readers, raised platforms, multiple doors

We want to talk to you! Pierce Transit has mailed information to a number of people who own property that will be affected by the BRT project. If this includes you and you have not yet responded, please contact us at 253.581.8016 or BRT@piercetransit.org.
